

The UK's Original Tractor Powered **PARK & RIDE**

It takes all the hard work out of boating

Park & Ride is the answer to carefree boating, it is simple and easy to use. Your boat will be stored on land in our secure boatyard. We will launch and retrieve your boat by tractor when you are ready. Our service pontoon provides safety for your crew to get on and off the boat – you don't even get your feet wet! With no costs involving anodes or antifouling and the ability to wash the boat immediately after use, Park & Ride vessels are kept at their best; preserving their highest residual value.

Open 7 days a week from 9:00AM to 5:30PM

- Our own private slipway
- Service pontoon
